NATURE OF CAMPAIGN

Will Be Governed Largely by the Weather in Philippines.

APPROACHING WET SEASON.

The Experience of Standing in Trenches Filled With Mud and Water Would Not Be New to American Soldiers.

Washington, April 4.—War department officials look upon the approach of the wet season in the Philippines as likely to be an important, if not decisive factor in determining the character of the military movements during the next six months.

This period of rains and storm is no new and untold danger, for the United States troops were in the trenches around Manila through much of the worst part of the wet season last summer.

Major Sampson, chief of the bureau of military information, was then, on the staff of General Greene and learned from experience how far this wet season affected the health and comfort of the men and retarded military operations.

Generally speaking, he says men were up to their knees in mud and water during July and August, when our trenches were drawn around Manila. But while this was a great personal inconvenience, it did not cause any material increase in the sick rate.

About the worst feature was that the stretches of quagmire made it next to impossible to execute military improvements on a large scale.

The wet season does not begin as a rule until June, so that it is about two months before its effects will be seriously felt. The present months, April and May, generally come under the head of the hot season, which just precedes the drenching rains beginning in June. The hottest weather is in May, although it never goes above 100 degrees. Gradually this merges into the heavy rains and violent storms of June, the wet season lasting for six months. The season does not come on abruptly, but is a gradual transition, until everything is in a condition of soak.

Last summer the first expedition of United States troops landed about July 1, and by that time the wet season was well under way. The men were sent into the trenches for 24 hours, and then relieved. In this way two regiments would be moved up every morning, and for that day and night would stand in the knee-deep rain and mud. But it would have been difficult, if not impossible, to have kept troops exposed to such conditions for any extended time. The Astor battery was one of the bodies served during part of the rainy season, Captain March, one of the officers of the battery, was here recently, and in speaking of the sick rate during the wet season said that it was kept down to 4 per cent. This is considered very low, even under favorable circumstances, and is taken to offset some of the serious reports as to the effect of this wet season. The low sick rate is in part attributed to the strict sanitation enjoined upon the American forces. Malaria and typhoid abound, so that our troops were made to drink boiled water. Major Simpson says that at no time did the malaria or typhoid assume an epidemic form.

It is the general belief that General Otis will complete his present campaign before the wet season opens and confine his efforts after that to holding the ground already won, keeping up communications, protecting his flanks and waiting for the dry season to give another period of active operation.

Message From Philippine Commission.

Washington, April 4.—Only five of the eight members of the cabinet were present at the meeting, the absentees being Secretaries Gage, Alger and Long. The principal subject under discussion was a long cablegram from Mr. Schurmann, chairman of the Philippine commission now at Manila, which was read by Secretary Hay. The part of the message which attracted most attention was that which indicated that Aguinaldo's power over his followers was largely based upon coercion and fear of violence in case they opposed him. This message, taken in connection with recent information received from General Otis, has led to the belief among members of the cabinet that the end of the trouble with the Filipinos is near at hand.

Proclamation to Filipinos.

Manila, April 4.—The preamble of the proclamation of the United States Philippine commission recites the cession by the peace treaty of the Philippine islands to the United States, refers to the appointment of the commission, assures the people of the cordial

good will and fraternal feeling of the president of the United States and the American people, and asserts the object which the United States government, apart from the fulfillment of its solemn obligations, has assumed towards the family of nations by the acceptance of the sovereignty over the islands.

STYLISHLY ATTIRED

Mrs. George, Accused Slayer of George Saxton, Enters Court.

Canton, O., April 4.—It was after 10 a. m. when court opened for the trial of Mrs. Annie George, on an indictment for murder in the first degree for killing George D. Saxton, brother of Mrs. McKinley, on the evening of Oct. 7, 1898.

Soon after the opening Mrs. George was brought into court accompanied by her 17-year-old son, Newton, and Mrs. Siddinger of Alliance, her friend.

She was stylishly gowned in a bright blue storm serge, with lighter blue silk trimmings, a stylish hat of black, with plumes and wing trimmings and a small bunch of white flowers. She wore a black feather boa and brown kid gloves. Although a little pale, she was looking well, and gave untroubled attention to the proceedings.

The next hour was given over to technical formalities. J. J. Grant was formally appointed assistant prosecuting attorney, and objected to proceeding without the attendance of Russell Hogan, a 12-year-old boy witness, whom the sheriff could not find, and who is wanted by both sides. It was admitted that if present he would testify as before the coroner, and as set forth in his affidavit. Prosecutor Pomeroy said he was embarrassed by the absence of this witness, as well as by that of Mrs. Althouse and Peter Quinn, but would not ask continuance on that ground. He did not believe that Hogan, properly questioned, would testify as at first.

A suspension was granted to admit the testimony before the coroner, if the witness could not be produced in person. The defense reserved the same right. Then the 40 names in the special jury venire were called and all answered.

The defense then challenged the array of jurors, arguing long technical motions, formally attacking the jury commission's work, allegations of irregular service by the sheriff on the jurors, etc.

At the coroner's inquest young Hogan testified that he saw a person in black come from the Althouse property just after the shooting, and passed on the opposite side of the street. He did not know whether it was a man or a woman. He said he could not tell whether it was Mrs. Althouse or Mrs. George.

Arguments on the challenging of the jury array were carried into the afternoon, and it was 2 o'clock when the court's decision was announced. The challenge was set aside, and the venire was sustained. Then the examination of jurors one at a time began.

Instructions Against Whisky Trust.

Frankfort, Ky., April 4.—In the state fiscal court Judge Cantrell directed the attention of the grand jury to trusts and instructed it to indict all such concerns operating in this district. The instruction was meant particularly to start a war against the whisky combination recently put through in the reorganization of the Kentucky Distillery and Warehouse company, which bought up nearly all the Kentucky distilleries, including many in this immediate section. This county started the war on the insurance trust last fall, which resulted in penalties being imposed against 80 odd companies, several of which have left this section and threaten to leave the state if prosecutions are not dropped.

Purchased by Plant System.

Jacksonville, Fla., April 4.—The main line of the Jacksonville, Tampa and Key West railway has been sold to the plant investment company for \$600,000. The branch extending to Titusville was knocked down to Sanford Realty of New York for \$60,000. This sale gives to the plant system a through line from Tampa to Charleston.

Straita Solid With Ice.

Mackinaw City, Mich., April 4.—The ice in the straits is very heavy, reaching far out into Lakes Huron and Michigan, as solid apparently as at any time during the winter. It will take three weeks of warm weather to clear the straits. Under the most favorable conditions the straits will not be open before April 30.

The Men Killed.

Pittsburg, April 4.—Three men were killed by an explosion at the railroad cap factory at Braddock, Pa. Their names were: W. P. Schooley, proprietor; Frederick Richmond and an unknown. Andrew Sheppard and a number of others who were in the factory at the time were injured. The building was wrecked.

AN ELEGANT WEDDING

Vanderbilt-Fair Nuptials Occur According to Program.

RELATIVES OF BRIDEGROOM

Were Somewhat Conspicuous For Their Absence, Only the Father and Brother of the Happy Man Attending the Affair.

New York, April 4.—Youth and beauty with jewels and money were joined together in holy matrimony at noon when Virginia Fair became the bride of William K. Vanderbilt, Jr.

About 150 guests were present at the ceremony, which took place in the Fifty-seventh street residence of Hermann Oelrichs, whose wife is the sister of the bride. The home was surrounded by a curious and mixed crowd.

Shortly before noon the guests commenced to arrive at the Oelrichs house. The Rev. Thomas F. Murphy, acting pastor of the Church of the Sacred Heart at Dobb's Ferry, was on hand early, accompanied by two little acolytes.

The conservatory and ballroom had been transformed into the semblance of an English garden. At the end of the conservatory a dais had been raised. Over this was a canopy of laced and smiling, clinging vines and blossoming peachtrees. Its luxuriant foliage shut out the daylight, but tiny incandescence lights hidden in the leaves gave soft and ample illumination.

Almost promptly at noon the single maid of honor, Miss Mary Baldwin Tolfree, entered the hall, and under an aisle arched with roses walked towards the waiting priest. She preceded the bride, Miss Fair.

Following her was her brother-in-law, Mr. Oelrichs. The organ, especially built for the purpose, pealed out. The groom was attended by J. P. Kellogg. In the gallery an orchestra of 50 pieces, under Emil Paur, played the nuptial music from Lohengrin.

The ceremony itself was short, and immediately upon its conclusion congratulations were showered upon Mr. and Mrs. Vanderbilt. There were few relatives present.

Of the Vanderbilts there were only to kiss the bride William K. Vanderbilt, Sr., and young Harold Vanderbilt, brother of the groom. The rest of the family are in mourning or abroad, but though absent they were well represented in the list of presents.

The wedding party was then ushered into the library and at long tables sat down to a wedding breakfast. William K. Vanderbilt proposed the health of his young son and wife. The groom replied.

When the breakfast was over the bride changed into her traveling dress and the young Vanderbilts drove off in a brand-new brougham, a present to the groom, to the river. They crossed to the Long Island railroad depot, and there entered a special car, which bore them to Mr. Vanderbilt's country place, Idle Hour, Oakdale, L. I. They will remain there two weeks and then go to Newport, where they will occupy Belvoir House. In the autumn they will go to Europe.

List of Gifts.

Among the bridal gifts were the following: W. K. Vanderbilt, pearls and several handsome carts and traps; Mrs. O. H. P. Belmont, the bridegroom's mother, jewels and silver; Mrs. Hermann Oelrichs, the bride's sister, 24 gold dishes; Hermann Oelrichs, four gold dishes; Mr. and Mrs. H. McK. Twombly, the bridegroom's aunt and uncle, 24 gold dishes; Mr. and Mrs. Clarence H. Mackay, gold toilet set; Mr. and Mrs. William C. Whitney, a gold writing set; Mrs. Astor, diamond and turquoise brooch; Mr. and Mrs. Cornelius Vanderbilt, Jr., the bridegroom's cousin, cigar and jewel boxes; Mr. and Mrs. Harry Payne Whitney, the bridegroom's cousins, a punch bowl; Mr. and Mrs. George DeForrest, glass and silver decanters; Mr. and Mrs. M. H. DeYoung, gold basket 18 inches long, heavy loose handle, whole basket perforated and decorated with openwork; Mr. and Mrs. George Crocker, gold tray; Mrs. John W. Mackay, stomacher of diamonds; John W. Mackay, corsage diamond ornaments; the Duke and Duchess of Marlborough—the duchess is the bridegroom's sister—four gold loving cups; Mrs. Elliott F. Shepard, the bridegroom's aunt, a silver soup tureen; Mr. and Mrs. William D. Sloane—Mrs. Sloane is the bridegroom's aunt—silver trays.

Knoxville, Tenn., April 4.—Contractors have begun work on an extension of the Bristol and Elizabethton railroad from Elizabethton to Mountain City, Tenn. The extension will be 28 miles in length. It is also stated that this same company will at once build a road from Cranberry to Lincoln, a distance of 60 miles.

ANTI-QUAY REPUBLICANS

Change Their Support From Congressman Dalzell to Judge Stewart.

Harrisburg, April 4.—Judge John Stewart of Chambersburg is the present choice of the anti-Quay Republican senators and members for United States senator. He was agreed upon at a meeting of the "insurgents" before the session of the joint assembly. Judge Stewart was the independent Republican nominee for governor in 1882, and is one of the leading judges in the state.

He has been the favorite of several anti-Quay legislators since the beginning of the senatorial deadlock. He was among the "favorite sons" voted for until last Tuesday, when the "insurgents" united on Congressman John Dalzell of Pittsburg.

At no time, however, has he received the votes of the two members from Franklin county, both of whom are supporters of Senator Quay. There was only one absentee at the meeting of the anti-Quayites. It was agreed to transfer their vote from Dalzell to Judge Stewart.

Senator William Flinn of Allegheny presided, and Senator David Martin of Philadelphia made a speech in favor of ballot reform and the Fow registration bill.

Both measures will be taken up in the house for third reading and final passage, and on motion of Mr. Martin it was decided that the "insurgents" should vote for them.

A conference of Democratic senators and members will be held to consider whether it would be advisable to recall the joint caucus to vote for some Democrat other than George A. Jenks.

The sixty-sixth ballot resulted as follows: Quay (R.), 95; Jenks (D.), 76; Stewart (R.), 51; total, 222. Necessary to a choice, 112; paired or not voting, 31.

Canteen Not Prohibited.

Washington, April 4.—The secretary of war recently requested the opinion of the attorney general as to whether section 17 of the act passed at the last session of congress "Increasing the efficiency of the army" prohibits the continuance of the sale of intoxicating drinks by the government in the canteen sections of the post exchanges, which are organized and maintained at the various army posts and encampments throughout the United States. The attorney general in his reply holds that the section in question does not prohibit the continuance of the sale of intoxicating drinks through the canteen sections, except that no officer or enlisted man can be detailed for duty in the canteen section to do the selling.

Suits Philadelphia Bankers.

Philadelphia, April 4.—The Philadelphia Clearing House association has practically decided to make no charge for collecting checks on out-of-town banks. The system inaugurated in New York city was taken up at a meeting of the Clearing House association here, but before any discussion took place a motion to adjourn was made and carried. A prominent banker of this city says the system inaugurated by the New York banks has been of great benefit to the Philadelphia bankers, as a number of accounts with New York firms have been opened here.

In a Starving Condition.

Washington, April 4.—Acting Secretary Melklejohn has received information that miners on the Copper river were in a starving condition. Although Captains Abercrombie and Glenn have full instructions to send relief to any who may be suffering along the route of their expeditions to Copper river and Cook's Inlet, Mr. Melklejohn has sent further instructions by telegraph to Captain Abercrombie to take medical and other supplies to Copper river and make every effort to assist the miners reported destitute and suffering.

To Relieve Americans.

Washington, April 4.—The navy department is prepared to render speedy assistance to the American residents in Bluefields, Nicaragua, who are being subjected to pressure wrongfully by the authorities there. Acting Secretary Allen, in anticipation of the coming of a delegation from New Orleans has just ordered the gunboat Machias, now on the way to Key West from Livingston, Honduras, to proceed to Bluefields as soon as she can take coal.

Salisbury Accepts It.

Washington, April 4.—Lord Salisbury has accepted the plan proposed by Germany for the settlement of the Samoan trouble by the appointment of a tripartite commission. The acceptance is on the broad principle only, and the details of the arrangement are yet to be agreed upon. As the United States has already accepted the general proposition, there is no longer doubt as to the organization of the commission.

Birmingham, Ala., April 4.—The striking coal miners at Belle Ellen and Hargrove resumed work.

IN SEVERAL STATES

Elections For Municipal Officers Occupy People's Time.

EXPLANATION OF M'KISSON.

Republican Candidate For Mayor at Cleveland Tells Why He Was Defeated—Results in Other Municipalities in Ohio.

Cleveland, April 4.—Mayor McKisson has made the following signed statement concerning his defeat:

"The Hanna bolters and corporation influences, through lavish use of money, elected Farley and defeated the head of the Republican ticket."

Mayor-elect Farley, in an interview, said: "My election simply means that the people of Cleveland want honest government; that they are tired of McKissonism, and are opposed to pillage and blackmail."

Congressman Burton, who supported McKisson, said: "The defeat of Mr. McKisson can be attributed to a factional fight in our party. Of course, the charges of corruption had much to do with it, but, after all, factionalism did the work."

"What is the cause of the factionalism?" was asked.

"Oh, there can be but one answer, and that is the Columbus episode of a year ago. Mr. McKisson made the mistake of his life in trying to thwart the will of his party."

RESULTS IN OHIO.

Both the Republicans and Democrats Scored Victories.

Columbus, O., April 4.—The Republicans elected their entire ticket here, Judge Swartz being the first Republican mayor elected here in 12 years. Mayor Samuel Black was defeated for re-election by 1,393 votes.

It is generally recognized that issues other than local influenced the municipal election in all the larger Ohio cities. In Cleveland Mayor Robert E. McKisson (R.) was defeated for third term by John H. Farley (D.) by about 3,500. Mayor S. M. Jones, the independent candidate at Toledo, was re-elected by 5,000 on a platform of municipal ownership of public utilities. The Republican plurality for minor offices in Cincinnati was over 6,000. At Dayton many women voted for members of the school board, but on minor city offices the Democrats won a normal victory. At Zanesville Mayor Gibson (D.), president of the Ohio Municipal league, was defeated by L. F. Brelsford (R.) by 162.

Democratic victories were recorded at the following places: Urbana, Newark, Hamilton, Ironton, Tiffin, Upper Sandusky, Lima, Circleville, Sandusky, Loraine and Wapakoneta. Republicans were victorious at Youngstown, Steubenville, Chillicothe, Mt. Vernon, Findlay, Wooster, Delaware and Painesville. An independent ticket was elected at Marietta over a straight Republican one.

IN ILLINOIS.

Re-Election of Carter H. Harrison as Mayor of Chicago Expected.

Chicago, April 4.—The spring-like weather brought the voters to the polls with a rush. Unless all signs fail, party lines will be cut to pieces, for thousands of Republicans voted for the re-election of Mayor Carter H. Harrison. On the other hand many Democrats are passing by the regular Democratic nominee and are supporting ex-Governor Altgeld, who is running for mayor on an independent ticket, which indorses the Chicago platform of 1896, and municipal ownership of street railways. Altgeld's strength is an unknown quantity and baffles the political calculators. Another complication is the fact that a large number of disgruntled Democrats are voting for Z. R. Carter, the Republican mayoralty candidate.

The early balloting was heavier than at any recent election, not excepting the presidential contest of 1896. Altgeld showed unexpected strength in the stockyards district, where the packing employes and railroad men recollected the ex-governor's stand against sending federal troops to Chicago during the strike of 1894. Threatened trouble in the First ward over imported voters did not materialize during the early balloting. The police force in every precinct in this ward had been doubled.

In Missouri.

St. Louis, April 4.—The annual spring elections in Missouri were held under unusual conditions, the ground being covered with several inches of snow. The day was bright and clear. At Kansas City the campaign was an active one, in which two factions of the Republicans, headed respectively by the Angle and Marshman crowds, fought each other. Mayor Marshman's re-election seems likely.

DEMOCRATIC STATE CONVENTION.

At a meeting held by the Democratic State Executive Committee in the city of Lexington on March 8th, 1899, it was ordered that a State convention be held in Louisville on Wednesday, June 21st, 1899, for the purpose of nominating Democratic candidates for State officers to be voted for November 7th, 1899, the convention to be called to order at 11 o'clock a. m.

Delegates to said state convention shall be chosen at county mass conventions to be held at the various county court houses in counties having but one legislative district, of which due notice shall be given by the various County Committees. In counties having more than one legislative district there shall be a convention for each legislative district to be held at some convenient point to be indicated by the Chairman of the Legislative District Committee, who shall advertise in the local papers the location for said convention at least ten days prior to the date fixed by this committee. Said county and legislative district conventions shall be held at 2 o'clock p. m., standard time, on June 17th, 1899. Said conventions shall be called to order by the Chairmen of the respective County or Legislative District Committees.

The basis of representation of each county to the said State convention shall be one delegate for each 200 votes and fraction of 100 or more votes cast for the head of the Democratic Electoral ticket in the Presidential election in 1896, provided that each county shall have at least one delegate vote. All known Democrats and others who supported W. J. Bryan for President and those who pledge themselves to support the nominees of said State convention shall be entitled to participate in the county or legislative district conventions.

P. P. JOHNSTON, Chairman.
R. Owen Cochran, Secretary.

INDICATIONS.—Warmer with increasing cloudiness to night; Thursday warmer.

Bon Brown, who was hanged at Glasgow for the murder of his father-in-law, enjoys the distinction of being the only man who ever ascended the scaffold with any doubts that he would go straight to heaven, says the Louisville Dispatch.

ANALOGOS of our recent article on a "Colonial Expansionist," Dr. Alexander Brown, author of the "Genesis of the United States," writes in a private letter:

We have been taught to believe that the ideas of civil and religious liberty originated in 1620 at the North and did not spread to the South until the eighteenth century. My books show that the ideas were planted South of forty degrees latitude before 1610 and spread thence to the North; and it seems to me to be time for the South to be taking due pride in the historic fact.

Dr. Brown's histories are mines of information upon all matters relating to the early settlement of Virginia—the true mother of the republican system upon this continent and, therefore, in the truest and highest sense worthy of her ancient and honorable appellation—"Mother of States."

Secrets of American Manufacturing Success.

In America competitive specialization has, undoubtedly, assisted largely in developing many of the handy movements and labor-saving devices which are common to the American machines, but, as a rule, lacking in the European article. Other important commercial advantages are connected with the American system of specializing; manufacturing is simplified, office expense are lower, and exact cost-keeping is easily carried out. All of these assist to produce an article which, in price and quality, defies competition on the part of makers of large varieties. Machines are made for stock, not to order. Some makers even store machines in boxes ready for shipment. Even machines of special dimensions can be delivered in from two to three weeks, as makers keep in stock a large number of standard parts. As far as I have seen, this method is carried out in only a few instances by European makers of machinery, and then in but a comparatively small way.—H. F. L. Orcutt, in the Engineering Magazine for April.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

Suit Filed to Restrain Judge Bullock and His Board of Directors

From interfering or intermeddling in the Control and Management of Lexington Pike.

Suit was filed in the Mason Circuit Court Tuesday by the Maysville and Lexington Turnpike Company, W. W. Baldwin, Charles B. Pearce, Charles E. Tabb, J. J. Peed, Thomas E. Pickett, W. W. Baldwin, Jr., and T. J. Pickett against John A. Reed, A. J. Gorham, W. B. Skinner, L. E. Pearce, J. J. Wooley, H. C. Swift and Frank A. Bullock to enjoin and restrain the defendants from "interfering or intermeddling with plaintiffs in the control, possession and management of the property, business and affairs" of the turnpike company named, and from "exercising or attempting to exercise or perform any of the duties of directors of said company," and Mr. Bullock from acting as or performing any of the duties or powers of President of said company.

The suit grows out of the clash at the annual meeting of the company Monday between Colonel Baldwin and his friends and the anti-Baldwin faction of stockholders, and the efforts of the latter to oust Mr. Baldwin from the management of the road.

The petition alleges that the individuals named as plaintiffs were duly elected as President and directors of said company at the meeting Monday, "by the stockholders present and voting by stock," that they were bona fide holders of stock in said company, that they qualified and took the oath of office, and are now in possession of same and discharging their duties as such. They allege that the votes they received were a large majority of the shares represented at said meeting.

The petition further alleges that the defendants claim that they were elected at said meeting is wrongful and fraudulent, and made for the interest and purpose to injure the property of the company.

It is further alleged that defendant's John A. Reed, A. J. Gorham, W. B. Skinner and L. E. Pearce are not stockholders of said company and did not own any share or shares at time of their alleged election and were not eligible to said office.

Plaintiffs also allege that Frank A. Bullock is not and was not the owner of any stock and is not eligible to the office of President.

It is alleged further that defendant's wrongfully conspired with some stockholders for the purpose of pretending to have the proxy of the State and others, which State proxy was a blank and to no named persons, for the purpose of wrongfully and fraudulently claiming the election of defendants and of taking possession of the road.

Plaintiffs claim they will suffer great and irreparable damage unless defendants are restrained from taking possession of the road.

A temporary restraining order was issued.

Easter at Mayslick.

"Easter day," just come and gone, is the one day upon which the Christian world is united in celebrating—united in ringing out its true soul joyousness in the much loved anthem—"Christ Our Lord is Risen To-day." Doubtless, as with one voice, this sweetest of strains went echoing through the land, but no where was its spirit more beautifully given, or its hope and glories more effectively made clear and enrapturing, with all that the resurrection and the hope based thereon, meant to mankind than in the Christian Church at Mayslick.

Rev. G. P. Taubman, as is his wont, rose to the height of his grand subject on this occasion, depicting in glowing eloquence and with manner forceful and attractive how Christ by his life, His teachings, his glorious resurrection and ascension had placed the doctrine of immortality beyond the region of dispute. Mr. Taubman's very attentive audience were unanimous in praise of this very finished discourse, and no less with his admirably given "solo" through which ran the ministerial refrain, "How blessed to reign with Christ a thousand years." Much enjoyed were these beautiful services.

The trial of the insurance companies doing business at Paris for alleged conspiracy to maintain high rates, which had been in progress several days, culminated Saturday in a hung jury, the jury standing ten for guilty and two for acquittal. MR. FRANK DEVINE spent Monday in the "State of Lewis" and while there set his pins for the Republican nomination for State Senator and judging from the broad smile Mr. Devine was wearing he was very well satisfied with the condition of things. Mr. Newlin is preaching for the Christian churches at Sand Hill and Tollesboro in Lewis County and will locate with these churches after his graduation.

At Frankfort this week Judge Cantrill delivered one of the most sensational charges in his address to the grand jury, on the formation and danger of trusts, dwelling at length on the recent tendency and danger of combined capital into trusts, taking up history along this line. He cited the grand jury their duty, and cautioned them to uphold the law. If any trust, by representatives, had attempted to do business or to thwart the will of justice, he said it was their duty to indict the offending parties and bring them to justice. It is believed that indictments will be returned against the distillers entering into the recent formation of the whisky trust on the same ground upon which the insurance indictments were returned.

The New Black Creponnes.

Counted them yesterday at noon—27 of these brand new elegance in black. How the looms are taught to do such beautiful tucks it's hard to tell. Here is a Creponne with ribbon—like stripes a third of an inch wide. They form plaids but at each intersection the ribbons clasp as if in hand shake. Another has wide cross stripes laid on plain, while stripe and back ground are thickly strewn with silk dots. Here is one that looks for all the world as though the zig-zag figures were embroidered by hand. Not expensive either, \$1.95 a yard. Think of a tiny bead broken in bits. The pieces are as large as those that glisten in the web threads of one Creponne. These brightened threads are quarter inch apart. Another weave has the effect of chenille threads scattered with half careless hand. The group is called Mexican—a number of variations of plain thick and thin designs. Some new Creponnes are almost perfect crepes. They will all wear well—it is an unusual combination—elegance plus service. An important family are the \$1 Creponnes with degrees of added beauty marked by price advance to the height of \$3.50.

THERE WAS A TIME

When the worst efforts of the merchant tailor were superior to the best of ready-made. That time is past. We are selling Clothing all ready to put on that is made from the same woollens that the best merchant tailors use, is tailored as well as their clothing, is as stylish in every way and fits as nicely, and for about half their prices. It is "Adler" Clothing, which is made in the cleanest and best lighted workrooms in the city of Rochester, by expert and well paid workmen. The makers take pride in producing Clothing that vies with the best of merchant tailor work, and the tests to which they subject their woollens guarantees the purity and superior wearing quality of every bit of fabric used. As to the sizes, they are not only "regular," but "stout" and "long" as well. Every man who is not positively deformed can wear "Adler" ready-made. Try an "Adler" Suit and Top Coat this spring and you will never again have any desire to go to the trouble and expense of having your clothing made to order.

PERSONAL.

—Miss Maggie O'Keefe was in Cincinnati Monday.
—Dr. Landman will be at the Central Hotel Thursday.
—Miss Alice Higginbotham is visiting friends in Cincinnati.
—Mr. George B. Daugherty, of Ripley, spent Tuesday here with relatives.
—Mrs. T. C. Robinson, of Winchester, is the guest of relatives in this city.
—Mr. John Goddard returned home to Vanceburg after an extended visit to his aunt, Mrs. H. J. Shea.
—Mrs. Alex. Touchman has returned home after several weeks visit to Mrs. Redmond, of Casto street.
—Mr. R. M. Collier, of Cynthia, candidate for State Auditor, is in town to-day meeting Mason County Democrats.
—Mrs. S. N. Meyer left this morning for Cincinnati to join her husband. Mr. Meyer has been in that city for several days under medical treatment and his many friends will be pleased to know he is improving.

Preparing for an Outing.

Secretary Morningstar, of the Kentucky Press Association, is in Chicago to complete arrangements for the annual outing of the organization, the date of which will probably be July 10th. The destination of the press "gang" on this occasion will probably be Petosky, which is one of the most famous Northern summer resorts. Owing to the fact of the gubernatorial convention this summer the meeting of the association will not be held as soon as it usually is. Kentucky now has the biggest press association in the United States, and Editor Morningstar says he's going to give them a trip this year that will eclipse all previous meetings.

The Maysville and Mt. Sterling Turnpike Company elected the following this week:

President—Charles D. Pearce.
Secretary and Treasurer—C. B. Pearce, Jr.
Superintendent—B. F. Cliff.
Directors—Charles B. Pearce, W. R. Newell, John Dinty, B. F. Cliff, A. K. Marshall.

THE BEE HIVE

Spring Pattern HATS

Our great display is now ready for your critical inspection. We warrant you'll admit this to be the grandest display of ready-to-wear MILLINERY that has ever been seen in Maysville. Our Hats are the exact patterns of the very latest Parisian creations, and with several hundred styles to select from, you cannot help being suited. Prices range from \$1.75 to \$5.75. We eagerly invite you to compare our Hats and prices with those of others. You'll soon learn how we save you from 40 to 50 per cent. Your EASTER HAT is ready for you now—no waiting—no delay. Come and look and enjoy the scene. We will not ask you to purchase. These Hats will do their own selling.

New Spring Tailor-made SUITS

With a resident buyer in the East, and by semi-annual visits of the Maysville members of our firm to New York City, we acquire exceptional facilities for purchasing the very latest productions and the best values for the least money. This fact is well illustrated in our SUIT department. We have Suits as low as \$5.95. An exceptional worthy one is the Suit at \$7.49. Others at \$11.75 and \$14.95. The latter Suit has silk lined coat and skirt. At \$16.50 there are a few numbers that you could not have made under \$25. Every Suit is properly cut and guaranteed to fit.

COLONEL GREEN KELLAR.

The Popular Editor of the Mercury Grows
Reminiscent and Tells of His Early
Newspaper Work.

Colonel Green R. Kellar, of the Carlisle Mercury, candidate for the nomination for Secretary of State on the Democratic ticket, is making a quiet but thorough canvass of the State, and says his chances are first-class, and that he will win out. The members of the newspaper fraternity over the State have been treating him with great kindness. In a recent interview Colonel Kellar says of his early journalistic experience: "I worked for the Cincinnati Enquirer five years when Wash McLean was the principal owner and Col. John Cockrell was editor. In those days the Enquirer did not have a correspondent in as many towns as now, and I covered a large territory in Eastern Kentucky, going from town to town in a buggy. Everything was sent by wire, and the old sheet bristled with Kentucky news. It was costly. I got \$150 a month and expenses. Money was no object then so long as the paper got the news."

LIVED MISERLY LIVES

To Accumulate Money That Will Now Likely
Go to the State.

LOUISVILLE, Ky., March 31.—An estate of \$28,183 for which there is no claimant is now in the hands of the court here. For this estate an aged German couple toiled all their lives and carefully hoarded their earnings. It was accumulated by Peter and Elizabeth Leitchuck, who came here years ago from Germany. They lived alone in a small house and had no friends. Two years ago the husband died and left all his property to his wife.

On January 10 last a small boy whom she employed to wait on her found her frozen to death in her home. It was thought she had about \$5,000, but when her attorney examined an old wardrobe he found over \$12,000 worth of Government bonds, besides cash, bank accounts and deeds to property. The inventory filed to-day shows a total of \$28,183. No one has claimed this, and a search for relatives or heirs has been unsuccessful. If none appear the estate will eventually pass into the county school fund.

When Traveling

Whether on pleasure bent or business, take every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches, and other forms of sickness. For sale in 50 cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

A SPECIAL says there is no abatement to the spinal meningitis plague in Louisville. There are over seventy-five cases in the city, and nine deaths were reported at the Health Office Friday.

FOR SALE.—Fine brick residence, corner of Fourth and Market. For price and terms apply to W. S. Watson.

Wm. F. SIMMS and wife have sold 35 acres of land on the Lewis and Mason turnpike to Annie B. King for \$650.

J. T. PARKER's new stable is now ready to accommodate the public. Horses for sale and hire. Fancy turnouts a specialty.

It does not pay to buy inferior seed. Landreth's seeds are always true to name. For sale at Chenoweth's drug store.

BEFORE placing your order for wall paper call at paint store and learn prices. W. H. Ryder, opposite opera house.

The auxiliary of the C. W. B. M. will meet Saturday afternoon at 3 o'clock with Mrs. Marsh. A full attendance desired.

HAVERLY's minstrels attracted a large crowd to the opera house last night. They gave a very enjoyable entertainment.

THOMAS L. BEST and wife have sold and conveyed to John Brannon 106 43-100 acres of land on Horse Shoe pike; consideration, \$9,577.80 cash.

MR. P. BRESLIN, the well-known stone-mason of January street, who has been confined to his home for some time with rheumatism, is somewhat improved.

The pulley factory is receiving large orders for their celebrated split pulleys. They received an order yesterday from new parties amounting to several hundred dollars.

At Ripley Monday, a negro politician, name not learned, was shot and wounded in the arm and leg by Mr. Thomas Thomson, formerly of this city. The wounds are not serious.

L. T. ANDERSON and his parents, Mr. and Mrs. Thos. P. Anderson and family, will move from Cincinnati and take up their residence at the elegant home of the late John L. Sanford, near Covington.

The place to buy jewelry is at Ballenger's. Why? Because his goods are the best; he guarantees them to be just as represented. Stop in and take a look at his elegant line of goods,—the very latest to be had.

BOB POWELL, who hails from the country above Aberdeen, last night fell off a stone wall on Second street, near the entrance to the C. and O. depot, and was unconscious for some time. He had a bottle of whiskey and three watches in his pockets. One of the watches was broken but the bottle escaped.

THE Enquirer says ex-Senator Charles B. Poyntz, of this city, was at the Gibson House Monday and told a reporter that he thought Goebel is growing in strength daily. "Within 30 days," said Mr. Poyntz, "he will have the gubernatorial nomination out of sight and hands down. I was up in Lewis County a few days ago, and the Democrats there seemed to be unanimously for Goebel. Goebel will get the Ninth Congressional district."

Result of October's Civil Service Examination.

The percentages obtained at the Civil Service examination held in Lexington for revenue offices on October 15th, 1898, were as follows:

W. H. Lyneb.....65.30
John T. Short.....64.30
Byron Rudy.....61.55

Necessary percentage to secure appointment seventy. As Mr. Rudy was an old soldier he was required to receive only sixty-five.

New Spellings Authorized.

An important step was taken by the directors of the National Educational Association, when, by formal vote, they instructed the Secretary of the association to use the following reformed spellings in all publications of the association: Program (programme), tho (though), altho (although), thoro (thorough), thoro fare (thoroughfare), thru (through), thruout (throughout), catalog (catalogue), prolog (prologue), decalog (decatalogue), demagog (demagogue), pedagog (pedagogue).

The Crowds Are Coming..

The first day at Hechinger's selling-out sale indicates that the people are going to take advantage of it. As unseasonable as the day proved to be, hundreds of customers were compelled to await their turn to be waited on. The efficient force of salesmen handled the crowds nicely and at the wind-up of the day's business it is believed all were waited on satisfactory.

The stock being so large and consisting only of new choice goods, is a guarantee to those who perhaps find it inconvenient to attend the sale at its commencement, that they can rest assured that they will find the correct things no matter when they come.

Naming prices in newspapers gives the reader no idea of values.

Compare Hechinger & Co.'s goods with those of other houses at home or abroad and you will quickly see what this sale means to you.

MEN'S and BOYS' SHOES

are features in this sale. Smith & Stoughton, Packard & Field and Hannan & Sons are the brands—none better in the world.

BOARD OF TRADE.

A Meeting of the Members Will Be Held
Thursday Evening at the Council
Chamber.

The Board of Trade will hold its meeting at the Council Chamber on Thursday evening, April 6th, at 7 o'clock.

All the members of the board and all persons interested in the city's progress are invited to be present and be prepared to offer suggestions which may be taken up and considered by the directors.

It is expected that this meeting will be one of unusual interest and those who do not attend will do themselves an injustice. No matter of greater importance can engage the attention of our people than the building up of our home enterprises.

Manifest your patriotism by attending this meeting and invite your friends to do so. It is hoped that several short addresses will be made by some of our prominent young men.

ALL members of the M. E. Church and Epworth League are invited to attend the free social in the parlors of the church Friday evening, April 7th.

JOHN L. DISHER, a prominent farmer of this county, died this morning at 1 o'clock at his home near Germantown, aged eighty years. Funeral Thursday at 1 p. m. at Salem Church.

POLICEMAN WALLACE arrested William Ward, colored, this week on charge of shooting and wounding Will Graham, also colored, at Helena on last Christmas eve. The weapon used was a double-barrel shotgun. Ward was taken before Judge Wadsworth and waived examination. He was committed to jail in default of \$200 bail to await the action of the next grand jury.

THE numerous friends of Mr. W. H. Wadsworth will be gratified to learn that he is on his feet again and will return to his home in this city to-day. It will be remembered that he was recently operated upon by Dr. Arthur Johnstone, of Cincinnati, for appendicitis. Owing to the complications in the case it was a peculiarly grave and difficult operation, but the results have been everything that his family and friends could desire. The operator, Dr. Johnstone, is a Kentuckian, and was a favorite pupil of Tait, the famous English surgeon and specialist. The operation was one of the most remarkable ever performed in Cincinnati.

Notice!

Pickett & Alexander wish to call the attention of the insuring public to the new Combination Health and Accident Insurance Policy, the very latest and best upon the market.

The General Health will cover all the ills to which flesh is heir, with several exceptions, which will be fully explained by either member of the firm.

The Regular Health Policy, which costs only an additional fifty cents per thousand to Accident policies now in force, has no equal and pays a definite amount for both Blindness and Paralysis, also indemnity for loss of time caused from any of the following diseases: Typhus Fever, Typhoid Fever, Scarlet Fever, Small Pox, Varioloid, Diphtheria, Measles, Bronchitis, Pleurisy, Asiatic Cholera, Erysipelas, Appendicitis, Diabetes, Peritonitis and Pneumonia.

The accident feature covers accidents at home, at work, or while walking, running, riding, driving, hunting, boating, dancing, pic-nicing, bicycling, railroad, steamboat and street car accidents. Also assaults by highwaymen or beasts, falling objects, etc.

Who is exempt from slips, burns, falls, scalds, eye injuries, bruises, sprains, cuts and broken bones?

Do not forget that we are in the market to pay the highest cash price for Old Line Life Insurance policies.

Persons calling for any of the above will please say advertised.

CLARENCE MATHEWS, P. M.

The Judge is a Jonah.
(Lexington Leader.)

The present spell of bad weather is explained in a satisfactory manner by Judge Mat Walton. The Judge says that the Court of Appeals decided to take a two weeks' spring vacation, beginning Monday, and Chief Justice Hazeltine had made all arrangements for a fishing trip with a number of friends to Kentucky river. Every time Judge Hazeltine plans a fishing trip it rains hard, is the report, and the present spell of weather is only in keeping with what has occurred in the past.

A lazy liver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man or a starving man because he lags in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretion of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

THE HOG MARKET.

What Has Been Done in the Pork Packing Business the Past Week.

(Cincinnati Price Current, March 30th.)

The week's returns indicate a total of 380,000 hogs killed by Western packers, compared with 355,000 the preceding week, and 375,000 two weeks ago. For corresponding time last year the number was 360,000. From March 1st the total is 1,520,000, against 1,425,000 a year ago—an increase of 95,000. In most markets the offerings are favorably reported as to quality, with some falling off in other instances. The average of prices at the close varies but slightly in comparison with a week ago.

Our detailed exhibits of stocks of provisions disclose a large supply, with considerable gain in the comparison with a year ago, but the increase is decidedly short of the increase in manufacture during the winter season—it being shown that the apparent distribution of meats of Western manufacture for the four winter months was 96,000,000 pounds greater than for corresponding time last year—representing about 12 per cent. increase. Of lard the stocks are but slightly larger than a year ago, the winter's manufacture having increased about 158,000 tierces, and the distribution enlarged to the extent of 62,000 tierces, in comparison with a year ago—the season starting in November with smaller supplies than the preceding year.

It is thus made evident that a liberal absorption of product has been experienced—a condition generally understood. The large supplies are being reduced by the lessened manufacture and large distribution of product. The markets have been well sustained during the week, and close moderately higher than a week ago, with anticipations of enlarging domestic demand and better prospects abroad. The week's export clearances were liberal of both lard and meats.

MAKING MONEY.

For the First Time in Years the Frankfort Penitentiary is Self-Sustaining.

FRANKFORT, Ky., March 10.—For the first time in many years the monthly report of the State Prison Commission, ending March 31st, will show the Frankfort penitentiary to be self-sustaining, if, in fact, there is not a balance on the credit side of the ledger of about \$500. Since the recent lease of all unemployed labor, there have been no idle able-bodied men in the institution, and the hum of industry is heard from morning until night.

The lease of 1,050 men to the big chair plant, Manager A. D. Martin, and the leases to the Mason-Ford Company and the Albin Company of Louisville, have been on a basis of greater advantage to the State than any before made. There is not in the memory of those acquainted with the institution a time when more men could be employed than are actually confined within the walls.

The exact official figures bearing out the statement showing the excellent condition of affairs on receipts and expenditures will be submitted to the meeting of the board here the first of next month.

The deficit at the Eddyville penitentiary is being rapidly reduced and from the present basis both prisons will be self-supporting under the new contracts. The smallest number of prisoners is confined here that has been confined in this institution for more than a year, owing to the fact that the prisoners are confined at Louisville and many at Covington on account of the quarantine, about 1,300 being confined here now.

Denver, April 4.—The Republicans made a straight party fight in most of the cities of Colorado in which municipal elections were held, and as a rule the opposition is divided. In Denver there were four tickets—Republicans, Democrats, Teller Silver Republican and Independent, the last being headed by Mayor McMurray.
